SUMMER SCHOOL REGISTRATION FORM

FOFCA has seen great success with our summer school program. It is unfortunate that some students do not receive a passing grade, whether from lack of understanding or not complying with the requirements to pass, but summer school brings new opportunities for students!

- ⇒ more one-on one tutoring
- ⇒ more accountability
- ⇒ more personal touch

Every child is unique. Each has a different set of academic needs and skills. A learning plan for each student can spark the confidence needed to succeed!

All young people experience learning losses when they do not engage in educational activities during the summer. Research spanning 100 years shows that students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer. Most students lose about two months of grade level equivalency in reading and a little more in mathematical computation skills over the summer months.
