STUDENTS IMPROVE with TUTORING!!

SUMMER SCHOOL REGISTRATION FORM

Summer Refreshment & Tutoring Available K-HS

Every child is unique. Each has a different set of academic needs and skills. A learning plan for each student can spark the confidence to succeed!

All young people experience learning losses when they do not engage in educational activities during the summer. Research spanning 100 years shows that students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer.

Most students lose about two months of grade level equivalency in reading and a little more in mathematical computation skills over the summer months. Don't let this happen to you student. Don't let them lose the ground their have gained!
