So Grown Up...

WOW! Kindergarten? They grow up so fast. They were just born and now you are in the struggle to find the best education you can for your baby...

Families of Faith Kindergarten is an excellent way for your young student to get the solid foundation needed for a great start on their early education. We believe in nurturing the 'whole child' - mental, physical, emotional, and most importantly, spiritual. This approach provides a supportive environment in which your child can optimize their academic potential. We want to foster their already creative minds by stimulating and inspiring them to take the next step in their growing knowledge of this world.

Your kindergarten experience should be the best it can be. Research shows that "the success children achieve during this year is a major indicator of future academic success." FOFCA builds a foundation that will ensure a solid base for an successful academic career.

Most importantly...

In addition to an excellent education, your child will be a part of a Family of Faith and will learn about the love Jesus has for them. Our staff and curriculum also teaches about the important morals and values, just like you teach at home. We love being able to take the word of God and show the students how to apply it in every
