K-5th grade DRESS CODE

We want to create a good self-image in a child, which is vital to good Christian growth. To do this, we feel that we must encourage cleanliness and dress that is becoming of young ladies and gentlemen in accordance with the principles of modesty which are set forth in Scripture. Students should dress in a way that neither dishonors God nor draws attention to themselves. FOCCA has established a Uniform Program to better the learning environment for our students. The dress standards which follow are intended as expressions of these principles. They are not designed to promote legalism nor regimentation. It is the parents' responsibility to see that their student is dressed properly for school according to the dress code before leaving home each day.

If a student is out of dress code, he/she may be required to change to meet the dress code policy in order to return to classes for the day. When a child is in violation, please see Discipline and Consequences Chart p. 6.

EXAMPLE UNIFORMS

6th – 12th grade DRESS CODE

We want to create a good self-image in each child which is vital to good Christian growth. To do this, we feel that we must encourage cleanliness and dress that is becoming of young ladies and gentlemen in accordance with the principles of modesty which are set forth in Scripture. Those principles and values encourage one's focus to be on one's inner self (I Sam. 16:7). We want our students to glorify God in all they do, including the way they dress for school and school activities. Students should dress in a way that neither dishonors God nor draws attention to themselves. FOECA has established a uniform program to better the learning environment for our students. The dress standards which follow are intended as expressions of these principles. They are not designed to promote legalism nor regimentation.
